## Non-Profit Organization Directory

### Introduction

This is the Mission Multiplier Non-Profit Organization Directory. This directory is a collection of local non-profit organizations surrounding the Huntsville and Madison area. It was created to ensure that each Mission Multiplier employee would be able to make an informed decision about their company-based contributions to our community. Each full-time Mission Multiplier employee is provided the opportunity to contribute a portion of Mission Multiplier's profits to the organization of their choosing.

The organizations listed in the Mission Multiplier Non-Profit Organization Directory are alphabetized and broken into categories based on their missions. A logo, an Employer Identification Number (EIN), and contact information is listed for each organization, along with the organization's mission and a brief overview of how you can get involved on your own through volunteer work. For each organization, the percentage of revenue that is directed back to employees is listed under the title of Employee Compensation. The "notes" section lets you know how many Mission Multiplier employees are already contributing to that organization.

At Mission Multiplier, we strive to give back to our community. We believe that when employees and their community come together, great things will happen. If you have any questions or know of an organization that needs to be added, feel free to email Mission Multiplier's Community Engagement Representative at [community@missionmultiplier.com](mailto:community@missionmultiplier.com).
