CMMC For Small Businesses

Affordable, Scalable CMMC for Small Business – Using Microsoft 365 GCC Virtual Machine Enclave Approach

What Is It? A secure Microsoft 365 Government Community Cloud (GCC) enclave solution proven to meet CMMC Level 2 and NIST SP 800-171 requirements. The enclave is configured to support confidentiality, integrity, and auditability of Controlled Unclassified Information (CUI), offering focused benefits to small businesses

- **Low Cost:** Maintain compliance by standing up at least one compliant CUI terminal following standardized approach
- **Scalable:** “Spin up” CUI terminals when you need them leveraging a virtual desktop infrastructure environment (i.e., only pay for what you need, when you need it)
- **Fast:** Ability to become “CMMC Compliant-Ready” in a period of two to three weeks
- **Built-In C3PAO Audit Integration:** Partnership with GRC solution provider, IntelliGRC, allows auditor to move faster to validate and “bless” requisite audit artifacts
- **C3PAO Discount:** Partnership with select C3PAO provider enables our clients a discounted audit rate due to our proven and streamlined process.

- **Streamlined Approach:** Ability to achieve compliant and standardized approach using approved and audit ready tools allows our certified team to successfully achieve CMMC compliance quickly, easily, and at an incredibly low cost.

As of 10 November 2025, CMMC requirements can be added to DoD contracts. Also, DoD subcontractors can be rendered ineligible for award if DoD concludes that a subcontractor does not have a timely or sufficient certification status in SPRS

Why Mission Multiplier?

- ★ CMMC-AB Registered Provider Organization (RPO)
- ★ Certified Microsoft reseller & IntelliGRC partner
- ★ Proven track record: rapid readiness in 2–3 weeks
- ★ Cost advantage: up to 100% savings on consulting compared to competition
- ★ Exclusive C3PAO partner pricing (up to \$20K savings) and guaranteed virtual audit

Our Enclave Approach has successfully passed a CMMC C3PAO Audit

CMMC For Small Businesses

Affordable, Scalable CMMC for Small Business – Using Microsoft 365 GCC Virtual Machine Enclave Approach

All Points

Phil Monkress, CEO

What They Said: My company, All Points, was thoroughly impressed with the Mission Multiplier Team's knowledge and performance in helping us to become CMMC compliant. They not only helped to educate us on the process but were also able to work very efficiently and beat the costs of all the other vendors that we looked at – by a considerable margin. Their enclave approach is very easy for us to navigate and is really a great option for us when we need to scale up or down. Overall, I have been very impressed with their commitment to client service and their desire to make certain that we understand all the requirements and our role in the process. We highly recommend them!

Gabriel Mena, CEO

What They Said: Partnering with Mission Multiplier to implement a GCC enclave approach was one of the best strategic decisions we've made in our cybersecurity journey. Their team brought unmatched expertise, attention to detail, and a clear understanding of CMMC 2.0 requirements, guiding us every step of the way. The enclave solution they delivered provided us with a secure, fully compliant environment purpose-built for defense contractors like us. It allowed us to maintain complete visibility and control of our sensitive data while dramatically reducing the complexity and cost.

Rod Herron, Executive VP

What They Said: Mission Multiplier's for-purpose culture and commitment to excellence truly set them apart. They didn't just deliver a technical solution—they empowered our organization to succeed long-term. We wholeheartedly recommend them to any company seeking a proven, cost-effective path to CMMC compliance – particularly small businesses.

Proven Approach: Mission Multiplier continues to help their clients achieve CMMC compliant-ready environments adhering to the cost effective, scalable, and fast standardized approach using our proven "Enclave Approach"...Let us do the same for you!

Key Deliverables Provided

- ★ Hardened GCC tenant (with MFA, RBAC, Defender, Sentinel integration)
- ★ Full suite of CMMC-aligned policies and procedures
- ★ IntelliGRC platform populated with SSP, POA&M, and mapped artifacts
- ★ C3PAO audit readiness packages (briefing deck & evidence crosswalk)
- ★ Optional continuous monitoring & reporting
